**VC10**

At British Airways, we aim to take better care of you than any other airline. That's why, on the VC10, we give you more leg room, more care, more attention. And whatever the climate outside, you'll be more comfortable inside—either in the air or on the ground.

Notice how much space there is, even for long legs!

Choose from a first-class menu

Comfortable Economy Class

Really appetizing food

Sit back and relax

**The Multi-Purpose Seat**  
In a VC10, there's a comfort bonus for two, whenever the centre economy class chair, in a 3-seat unit, is unoccupied. Because part of its back folds down, giving both of you a handy table. Ideal for poker, drinks or magazines, or writing that top-priority report.

The fold-down multi-purpose chair

See how easy it is to stow your hand luggage

**Comfort for long legs**  
The seat in front of you has supports that are carefully placed so that they are not right where you want to put your feet. And the passenger who sits in it won't be tempted to park his bag or climbing boots or duty-free drinks there either. There's a special locker above his head that will take them.

**And this is super-comfort that comes with a special kind of care**  
You can't claim to have had a truly comfortable flight unless you've been really well looked after. And at British Airways, we aim to take better care of you than any other airline.

When you fly on a British Airways VC10, you'll find in our stewards and stewardesses a genuine desire to be of service: an intuitive understanding of your needs and the kind of courtesy you'll rarely find elsewhere.

Enjoy top-class cuisine

**Delicious meals** Every British Airways VC10 is fully equipped to give you top-class menus on every route. From the jetliner's own kitchens, a variety of appetising, oven-ready food is served for you to enjoy in the comfort of your own seat. And there's a selection of specially prepared cold dishes for those who prefer them.

**Wide choice of drinks** Each VC10 has a 'cellar', from which you can select choice wines, spirits and other alcoholic refreshment. Ask for the wine list at any time during the flight!
